When LM approves a contribution to Developer's press release or approves of such release, the release may appear no later than thirty (30) days after approval date. Where the content of a LM-originated public notice or similar document references Developer as a participant in the Program, LM will obtain Developer's review and approval thereof prior to the public release, provided that such consent shall not be unreasonably withheld, and if Developer does not disapprove of such communication within five (5) business days of LM's request for review, Developer's approval shall be deemed to have been granted. Notwithstanding the foregoing, where the content of a LM-originated public notice or similar document contains material information regarding Developer's datasheets, collateral and similar information, such deemed approval shall not apply, and in such case LM must receive Developer's review and approval thereof prior to public release. Notwithstanding anything to the contrary in this Agreement, LM shall not be required to seek individual Developer approval for generic Program public notices.

J. TERM AND TERMINATION

a. The term of this Agreement shall be twelve (12) months from the Effective Date. Unless earlier terminated and provided Developer pays the applicable Fee for each renewal, the term shall automatically renew for additional twelve-month terms unless either Party gives not less than thirty (30) days' notice prior to the expiration of the initial term or any renewal term. The terms of this Agreement will continue in effect solely for the purpose of such unresolved support requests until the requests are resolved or are otherwise closed.

a. LM may design, establish and register in such jurisdictions as it deems appropriate one or more Program Logos to be used solely as authorized by LM. Nothing herein is intended to grant any right in the Program Logos or the Developer Logo other than the right to use the same in accordance with the requirements set forth in this Agreement and the Program Guidelines. The license to use the Program Logo and the Developer Logo will terminate
under no later than termination or expiration of the Agreement. Notwithstanding any other termination provision, however, LM reserves the right to take action against any use that does not conform to these requirements or LM’s brand policies; that infringes or otherwise violates LM’s intellectual property or other rights; or that violates other applicable law. In any and all such cases, LM reserves the right to terminate Developer's license to use one or more of the Program Logos. Notwithstanding any other termination provision, however, Developer reserves the right to take action against any use that does not conform to its Developer Logo use requirements; that infringes or otherwise violates Developer's intellectual property or other rights; or that violates other applicable law.

e. Under no circumstances will anything in this Agreement be construed as granting, by implication, estoppel or otherwise, a license to any proprietary right belonging to the other Party other than as expressly set forth under this Agreement.

f. Developer expressly acknowledges and agrees that LM, by permitting Developer to participate in the Program and to use the Program Logos in the manner specified hereunder, is not in any manner certifying the use, operation or functionality of Developer's products. Accordingly, Developer acknowledges and agrees that the use of Program Logos in connection with qualified products or solutions may be subject to disclaimer or other legal notices required by LM in its sole discretion.
